Dentistry.

C. Francis Barnard, M. D.
SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentirt on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

Political.

To the Electors of Victoria District,

Including Victoria City, Victoria District, Esquimalt and Metchosin:

GENTLEMEN.—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many Electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages, assuring you that, if elected, no effort on my part shall be spared to advance your interests at Ottawa, or to assist in legislating for the advancement of the whole Dominion. Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I should urge the establishing of a Quarantine Hospital at once; the opening of an Immigration Agency at Victoria, the building of a Lighthouse at the entrance to, and the Dredging of Victoria Harbor. I should endeavour, if necessary, to obtain an increased guarantee for the Dry Dock, and should point out the benefits and importance of completing the Railroad from the Pacific to Lake Superior (at least) in the shortest possible time. From present information upon the subject it appears there is little prospect of both Houses being in session this year at the same time, but should it prove otherwise, and should I be elected to the Commons, I should feel in honor bound (although with great reluctance) to resign my present seat in the Local House, and enable another representative to take my place.

I remain respectfully your obd't servant,
jy29 ROBERT BEAVEN.

To The Electors of Vancouver District.

GENTLEMEN:—Having been urgently solicited to become a candidate for the representation of Vancouver District in the House of Commons, and having received a very general assurance of support in the course of canvassing, I now announce myself a candidate.

Averse to long-winded addresses and profuse promises before election, I prefer to be judged by the record of my past acts during the last two sessions of the Local Legislature.

Should you honor me with your confidence, I shall use my best endeavors to obtain the Railway Terminus on the Island.

And all other questions which may arise, such as Immigration, Postal Service and the Administration of Indian Affairs, shall meet my most careful consideration.

The liberal policy pursued towards British Columbia by the Dominion Government, in my opinion, entitles the present party in power to the hearty support of the Representatives from the Pacific.

Should I be honored by your electing me, no personal consideration shall be allowed to interfere with my faithfully discharging my duty, and it will be my highest ambition to strictly guard your interests.

I shall seek an early opportunity of personally addressing you; meanwhile I respectfully solicit your influence and votes.

I have the honor to be, Gentlemen,
Your obedient servant,
au2 A. BUNSTER.

To the Electors of Vancouver Island District.

GENTLEMEN.—On leaving Ottawa it was my intention to withdraw from politics; but since my return home I have been daily receiving from every quarter of the country the most urgent solicitations to again become a candidate to represent your District in the Federal Parliament. After mature consideration I have acceded to the request of my friends and have now the honor once more to solicit your suffrages at the coming election. In doing so I would state that it is not my intention to canvass the District or to wait personally on the Electors—having recently spent considerable time in canvassing this extensive District my business engagements this season render my doing so impossible.

The Electors are well acquainted with my political views on the leading questions of the day, as well as with my public acts in Parliament last session. If under those circumstances they should see fit to return me again as their Representative, I pledge myself to use my best endeavors to promote the local and general interests of the country. I shall also give the present Government the same hearty support that I did last session, for I am firmly convinced that by retaining in power the able Statesmen who at present control and direct the affairs of the Dominion we take the only sure means to advance the immediate and future progress and development of this Province. Everywhere in the Eastern portions of the Dominion at present are to be witnessed the most marvellous progress and prosperity in every department of trade and industry. Agriculture, Commerce and Manufactures were never before in such a flourishing condition. All this in a great measure is the result of wise legislation initiated and carried out by the present Government, in whom I recognise the leaders of the Party of Progress; and I hold it to be the duty of your Representative to work with the Government in their endeavors to raise this Province to a like degree of vitality and prosperity.

The liability of the outlying settlements to depredations by Indians calls for the adoption of some measure of protection from the Government. I shall again urge upon the Ministry the necessity of employing an armed vessel for this purpose, believing that prevention is at all times better than cure.

In conclusion I can only say that should I have the honor again to represent you in Parliament, whatever ability I may possess will be devoted to the advancement and well being of the whole country.

I have the honor to remain, Gentlemen, your obedient servant,
ROBERT WALLACE.

Daily British Colonist.

TUESDAY MORNING, AUGUST 29TH, 1872.

L. P. FISHER, 20 and 21 New Merchants' Exchange, is our authorized Agent in San Francisco.

"It being the Wish of my Constituents."

The immortal Barnum has said that the public delight in being humbugged. Some of our local politicians would appear to have conceived a similar idea with respect to their constituents. In former alticles we pointed out the practical inapplicability of the dual system to this Province, however unobjectionable it might be on principle. The impossibility of one filling a local and a Federal seat becomes more and more apparent with the lapse of time—as the Parliamentary season is approached. The assurance of the Ministry has been given that the Local Parliament will not be called together for the dispatch of business sooner than the middle of December. How long it will be postponed beyond that date must depend upon circumstances. We know that Parliament is seldom convened at the date first named. For the purposes of the present discussion, however, we will give the Dualists the full benefit of the doubt, and proceed upon the assumption that the Local Parliament will meet on the 15th day of December, or, rather, the 16th, the 15th falling on Sunday. On the 17th His Excellency the Lieutenant Governor delivers the "Speech from the Throne." Old Father Christmas comes hobbling along before the House can possibly get to work. The House resumes on Thursday the 2nd of January. The sessional term of "fifty" days brings it to the tenth day of March. The session is far more likely to be over than under fifty days. But, suppose there should be a change of Ministry, a contingency always possible under the present system, and the session would extend well into April. So much for the Provincial Parliament. Now for the Federal. We have the very best authority for stating that the Federal Parliament will not be called together later than the first of February. It is highly possible that it may be convened at an earlier date; but here again we give the Dualists the benefit of every doubt. It took six weeks to reach Ottawa last year. There is no guarantee that it will take less this year; yet we desire to keep within the limit of facts, and will therefore, write it down four weeks. It will at once be seen that, in order to reach Ottawa in time to be present at the commencement of the session of the Federal Parliament, representatives from the Pacific Province must not start from here later than the first of January,—just one day before the Provincial Parliament shall have got through proliminaries and commenced the real work of the session.

DIALOGUE.

DUALIST.—I find myself unable to controvert your facts, much less to take exception to your dates. But do you think it so important that a representative should be at Ottawa in time to be present at the commencement of the session?

ANTI-DUALIST.—I do think it important as a rule;—this session it is especially so. Under ordinary circumstances, it is a great advantage to a representative, especially from a distant Province like British Columbia where so much has to be created, as it were, to be at the Federal Capital some time before Parliament opens. It enables him to get better acquainted with parties, and to make such representations to Ministers respecting the wants of his constituents before the Estimates shall have been irrevocably formed as may tell materially upon the appropriations. The veriest novice in politics knows how much more difficult it is to alter the Estimates, once they come before the House, than to exert an influence upon their formation. It often happens in this way that a member can accomplish more real good for his constituents in a couple of weeks before the House opens than during the whole session.

DUALIST—I admit the force of your observations; but why exceptionally important in respect of this coming session?

ANTI-DUALIST—In this way: The Government meets a new Parliament; and there is every probability that a trial of the strength of parties will take place at the beginning of the session. The Sir John A. Macdonald administration has a right to expect that when the hour of trial arrives every British Columbian representative will be at his post. To be absent would be alike unjust to the Government and to British Columbia. It is, therefore, especially important on this ground that the representatives of the Pacific Province should be present when Parliament opens. If they can be there a week or two before it opens so much the better.

DUALIST.—Well, there is something in what you say; but would not these objections be in a great degree counterbalanced by the advantage of having British Columbia represented at Ottawa by men who have gained experience in the Provincial Legislature? Accepting your dates as correct, it occurs to me that a dual member might, with good luck, be present at the first half of the session here, and at the last half of the session at Ottawa.

ANTI-DUALIST.—I have already adverted to some of the reasons which render it of the very first importance that our representatives should be at Ottawa at the beginning, if possible before the beginning, of the session; and I confess that I cannot conceive of any hypothetical advantages, such as those referred to, in any measure compensating for the loss of the first half of the session. What's right for one would be right for all; and just imagine our six representatives lingering here until the session at Ottawa was half over,—possibly the great battle lost and won! And, besides, one must not lose sight of local matters. Think of six out of the twenty-five members taken away from the Local House at the very middle of the session. Are there in the Province six constituencies content to be thus disfranchised—deserted peridventure at the most critical moment? If so, there are six constituencies unfit for Responsible Government.

DUALIST.—You do not seem to attach much importance to the advantages of attending both Houses. I have been accustomed to regard the one as a capital school for the other.

ANTI-DUALIST. —I am free to confess that I do not. I am rather disposed to concur in the views so forcibly expressed last session by Mr. Robertson, Mr. Robert Smith and Mr. Beaven. As they well said, the duties of the two positions were essentially different and must often conflict,—for one man to attempt to fill both was like trying to serve two masters. It may at any time become the duty of the Local Legislature to fight the Federal Parliament for the just rights of the Province. "No man can serve two masters."

DUALIST.—Then you think the various interests of British Columbia would be better served in both Houses by different individuals,—that she would be better served by two complete and distinct sets of representatives for the two Houses than by one set discharging the double functions?

ANTI-DUALIST.—Unquestionably, even were it possible for the same set to discharge the double functions, which I have already shown it is not. I do not mind telling you, confidentially, what my own opinion is of those who aspire to fill the double position. It is a case of inordinate ambition. "Vaulting ambition that o'erleaps itself." It is the result of overestimating their own ability. They have worked themselves up to believe that enough of men fit to fill the single positions cannot be found in the country; and, therefore, they, rare, precious souls, must fill the doble position,—all out of pure patriotism, you know! And, now, finding the current of public opinion setting in against dual representation, they have recourse to the usual electioneering dodge of saying, "In the event of my election to the Commons, it being the wish of my constituents, I shall resign my seat in the Local House." The dodge might be clever if it were not so transparent. How are the wishes of the constituents to be ascertained after election? How are they to be ascertained in time to avert the evils of the dual cheat? Once elected to the Commons for five years, with three years still to run in the Local Legislature, what amount of evidence would be necessary to convince an ambitious politician that it was the wish of his constituents that he should resign? I tell you, friend, it is impossible to conceive of any intelligent constituency really wishing a representative to attempt to fill the double position upon any other ground than that the people like to be humbugged; and it can hardly be possible that any constituency in the Province would enjoy the process at a time when the interests to be guarded in both Houses are so very important. British Columbia has plenty of men well-fitted to fill every seat to which she is entitled. Let her see to it that every seat is filled by a good man and true.

Return of H. M. S. Scout.

Peace made with the Natives, and Skeena River Open from its Source to its Mouth!

H.M.S.Scout arrived from the West Coast at 4 o'clock yesterday afternoon, bringing His Excellency the Lieutenant-Governor, the Hon. Attorney-General and three miners from Omineca. We are gratified to be enabled to announce that peace has been made with the Skeena River Indians and that the blockade has been raised so that men and goods may now pass up without fear of being assailed or stolen. Mr. Brown, the constable, was first despatched up the river to summons the warlike Chiefs to meet His Excellency at the mouth, and pending his return the Scout ran over to Skidegate Bay, Queen Charlotte Island, where the man in charge of the coal mine reported the natives friendly. She then proceeded to the south end of Queen Charlotte's where the Laskeets were accused of having shot an Indian belonging to another tribe and stolen a pot of grease. The Laskeet Chiefs came aboard and were placed under arrest with sentries over them. One old fellow leaped on a gun and shouted to his people still on shore to fly. They attempted to leave in canoes, but were forced to remain and a number of their canoes seized by the Boxer and taken over to Metlakatlah, where Mr. Duncan will adjust the difficulty and arrange the amount of compensation which they will have to pay the injured Indian. From Metlakatlah the Scout and Boxer returned to Skeenamouth, where the Chiefs had meanwhile assembled, and where they came aboard for a "talk" with the Lieut. Governor. They represented that their hearts were good towards the white flien; but that they had suffered grevious wrong by the loss of six of their tribe and the destruction of their village. The Governor explained to them that both occurrences were the result of accidents and told them that they should this time receive a money compensation for their losses. In future, however, they must remember that if they annoyed or interfered with the whites in any way they would be severely dealt with. Six hundred dollars was then divided among the chiefs, and they fired off their muskets and sang songs expressive of their love for the whites. A number of the big guns of the Scout were fired off at targets, the shot and shell as they crashed through the trees or ricochetted through the water seeming to impress the savages very forcibly with an idea of the power of the whites. The ships of war also visited Naas River and saw Rev. Mr. Tomlinson, who reported that an Indian had killed two klooehmen some time before; but the murderer could not be secured. The Scout and Boxer sailed for Victoria on Thursday last and the Boxer stopped en route to ascertain if all things are right at Bute Inlet. At Nanaimo Capt. Spalding, who accompanied the expedition, landed. His Excellency and Mr. McCreight are in excellent health and seem highly gratified with the result of their trip.

From Omineca.

Mr. Farron and Mr. Wm. Fox, from Omineca, were brought down by H. M. S. Scout. Mr. Farron brings a quantity of gold dust. The old claims were paying well; but nothing new had been struck, notwithstanding that numerous parties were out searching for gold deposits. Some 450 men are in the diggings and provisions and goods of all kinds are selling low.

HONESTY REWARDED.—In November of last year Dr. D. Siddall, Dentist, of Cariboo, lost a roll of bills, value $715, in the store of Mr. C. E. Redfern. The roll was picked up by W. H. Jenkinson, Mr. Redfern's clerk, and returned to the loser. The doctor tendered the young man $20, but he declined to receive a larger sum than $5. Yesterday Dr. Siddall, wishing still further to mark his appreciation of honesty, presented Jenkinson with a silver watch, the inscription on which tells its own tale:—"Presented to W. H. Jenkinson by Dr. D. Siddall, of Cariboo, in gratitude for his honesty in returning $715, lost by him in Victoria, B. C., Nov. 30th, 1871.

Q.C.COAL.—Mr. Fawcett, one of the Directors of the Queen Charlotte Coal Mining Company, will go up in the Otter to-morrow. He will be joined by Mr. Richardson's party of geologists at Comox and they will proceed on to Skidegate Bay, where Mr. Richardson is instructed by the Canadian Government to examine the anthracite coal mine and report on its value.

THE BRIDGES.—Work on the bridges across Rock Bay and the Arm was commenced yesterday by Hayward & Jenkinson under the direction of Assistant Engineer Harris.

THE WRITS.—The British Columbia Writs of Election are made returnable on the 12th of October. Quick work for Kootenay and Omineca.

Washington Territory.

The Seattle "Intelligencer" of yesterday says: There was a rumor current at Stoilacoom a few days ago, to the effect that the final terminus of the N. P. R. R. would soon be located in the vicinity of Tacoma, and that there was considerable excitement in the latter place among real estate owners in consequence.

The same paper says that a large amount of real estate owned by residents of British Columbia and elsewhere, is in danger of being sold for school taxes.

Webster & Co., of Port Discovery, are building a schooner at that place of about three hundred tons burden. She is intended for the Coos Bay and San Francisco trade.

The work of constructing the Puget Sound telegraph is progressing rapidly. The line will cross Hood's Canal with a span of one mile and three quarters, said to be the longest in the world.

The Great Vivian is starring it on the Sound. Last night he performed at the Pavilion, Seattle. The press highly praises these entertainments.

The new Baptist Church at Seattle is about completed and will be dedicated next Sabbath.

According to the S. F. "Alta" ex-Governor Salomon is engaged to stump the State of California this fall on behalf of Grant and Wilson.

A party of surveyors are again engaged in their operations about fifteen miles this of the Snoqualmie Pass.

The Olympia "Tribune" says: "The Washington Base Ball Club of this city have accepted the challenge of the Victoria Club, and will immediately go into practice for the match. Capt. Starr has consented to detain his steamer at Victoria, until 4 o'clock in the afternoon of Friday, (Sept. 6th,) the day set in the challenge. This will enable them to play in the morning and be back here on Saturday—the whole trip occupying two day and a half."

The same paper says: "On the road from here to Olaqua, the breakfast station has been changed from the Halfway House to Tilley's, ten miles nearer town. Leaving this city at half-past two o'clock, passengers now have breakfast at six."

Between clam-bakes and calico balls our Olympia friends are very gay.

Steamer Departures.

THE steamer Isabel will leave at 6 a. m. to-day to tow up the Jean Pierre to Burrard Inlet.

THE Sir James Douglas will leave at 7 a. m. to-day for Nanaimo and way ports.

THE Enterprise will leave at 10 a.m. to-day for New Westminster.

THE North Pacific will leave at noon for the Sound.

MR. GANSBY'S PARTY.—A local print—which seldom has any news except what it filches from the THE COLONIST—accuses us, in effect, of manufacturing the report of Mr. Gansby's death. To this we have only to say that the news was OFFICIALLY conveyed to the Government and from that OFFICIAL report our report was drawn. Mr. Bristow, second in command to Mr. Grnsby, also sent an official report of his death to Mr. Marcus Smith by Judge O'Reilly, on the 21st ult., and on the 28th (NINE DAYS after Mr. Gansby's disappearance) hearing of his safety dispatched a courier to Mr. Smith contradicting his first report. The trouble appears to be that the local print failed (as it generally does) to secure the information as soon as THE COLONIST, although it did publish an absurd story that Mr. O'Reilly and party were starving on an island on the very day that this paper announced that they had started for Fraser River.

A NEW DRESS.—The BRITISH COLONIST comes to us this week in a new dress looking as fresh and bright as a new coin just from the mint. It laid aside its old garb none too soon, for it was worn out years ago. The form of the weekly has been changed, and changed for the better; now being on a large sheet of four pages instead of two small sheets. A new heading has also taken the place of the old one. We congratulate the readers of that journal on the improvement, and hope the publisher will find no end of profit in it.—"Olympia Tribune."

ENGINEER AND PILOT BOARDS are needed here. It is a pity that where life and property are at stake the instructions necessary for the organization of both have not been received. No steamer should be allowed to leave port without having a qualified engineer in charge of her machinery; and no pilot who is not properly qualified should be allowed to take charge of a ship. If the system, or rather no system, of the present be allowed to continue, an appalling catastrophe is likely to occur at any moment.

THE FREE SCHOOLS.—Yesterday the public schools of this city were opened for the first time under the new system. The Boys' School, at the head of Fort street, under Mr. McKenzie and Mr. Mundell, was opened with 58 scholars. The Girls' School, Broughton street, under Mrs. Hayward and Miss Baxter, opened with 100. The Boys' School is seated for 120, and it is expected that the attendance will reach 100 in the course of a day or two.

HYMENEAL.—Under this heading the St. John's (N. B.) "Courier" gives a long and interesting account of the marriage of Miss Annie Chapman, of St. Stephen, to Mr. Fred. Toller, formerly of Victoria, V. I. Christ Church was magnificently decorated for the occasion. The bride, (who is a sister of Mrs. Tilley), looked charming and was magnificently attired in a white moire antique trimmed with rich lace, and tulle veil with orange blossoms.

THE French bark Leon Pierre, 20 days from San Francisco, arrived in Royal Roads on Saturday night. She will load at Moody, Dietz & Nelson's Mills for Callao.

ALTHOUGH Ireland cannot be said to be in a settled state, yet it appears from recent statistics that the rarity of crime is noticeable. In 1871 there was only one murder in Dublin.

THE Emma with the Black Diamond in tow arrived from Nanaimo with 120 tons of coal yesterday.

THE steamer Enterprise left for Esquimalt yesterday morning with Government freight, and returned in the evening.

Police Court.

MONDAY, Aug. 19, 1872.

Peter Williams, charged with supplying spirituous liquor to an Indian, was convicted and fined $100 to be levied by distress, in default of distress to suffer six months' imprisonment.

Charles Davis, charged with supplying intoxicating liquor to an Indian, pleaded guilty to the charge and was sentenced to six months' imprisonment with hard labor.

THE funeral of the late Charles Ridley took place on Sunday afternoon and was well attended the impressive burial service of the Church of England was solemnly performed by the Rev. Dean Cridge, at Christ Church and at the grave. The pall-bearers were Messrs. T. C. Nuttall, J. C. Nicholson, C. G. Wylly, R. J. McDonell, H. Newton and Doctor Jackson. Poor Charley!—A kind heart ceased to throb when he died. Peace to his ashes.—COM.

A FATAL TRIAL. — A strange fatality seems to attach itself to all connected with Laura D. Fair. Since sentence of death was passed upon her, Elisha Cook, one of her counsel, Harry Byrne, who prosecuted the case, Judge Sprague of the Supreme Court, who was instrumental in granting her a new trial, and the son of A. P. Crittenden, her victim, have died; and now her mother is reported to be dangerously ill with fever at San Francisco.

NEW FIRM.—Messrs. A. H. Guild, J. D. Robinson and Chas. R. Watkins have entered into copartnership to carry on the business of commission merchants and wholesale dealers in groceries and provisions, under the name of Guild, Robinson & Co. Mr. Guild is a pioneer merchant of '58 and the other members of the firm are favorably known. We wish the new firm a full measure of prosperity.

OFFICIAL MORALITY.—The Olympia "Tribune" says: "The capacity generally required of officeholders is the capaciousness of their pockets to hold the plunder they steal from the public. One who steals a hundred thousand dollars in two years should have extra large pockets."

VANCOUVER DISTRICT. — High Sheriff Elliott will hold a nomination at Nanaimo on the 28th inst. for a member to represent Vancouver District in the House of Commons. Should a poll be demanded it will be held at places mentioned in the proclamation on the 4th September.

THE propeller California was expected last evening, the agents having received a telegram to have coal ready for her on her arrival.

THE Agatha States opera troupe, which left San Francisco for Australia, failed financially and broke up there.

NO CLUE had been obtained as to the fate of Mr. James Langley, missing from his home in San Francisco since the 4th inst.

WE are under obligations to Messrs. T. N. Hibben & Co. for files of late California and New York papers.

YALE-ELECTION.—The nomination will be on the 2nd, and the polling on the 25th proximo in this District.

THE steamer Grappler is again ready for service.

THENKS to Mr. Lowe and purser Clancy of the North Pacific for the usual favors.

FLOUR has come down 50c. per bbl. at Portland.

MRS. ATTWOOD'S SCHOOL will reopen on Monday next.

COLLEGIATE SCHOOL TERM will commence on Thursday, 29th inst.

A Card.

EDITOR BRITISH COLONIST.—In your issue of the 17th inst. you allude to the Yale-Kootenay election, saying that from private information you are led to believe that were it not for the attempt of Mr. Smith to occupy a double seat he would have a walk over.

Now, I want it understood that Mr. Smith is not attempting anything of the kind, and that in the event of my election to the Commons, it being the wish of my constituents, I shall resign my seat in the Local House in favor of a Local man.

ROBERT SMITH.

Victoria, Aug. 19, 1872.

TREMENDOUS EXPLOSION AT GLASGOW.—A tremendous explosion occurred on the 11th July in the Trapeston flour mills Glasgow, belonging to Messrs Matthew Muir & Son. The circumstances were most peculiar. It was subsequently found that the boilers of the engine were intact and the exact cause of the calamity is not settled. It is supposed that the disaster took place in connection with some portion of the machinery, probably the millstones, which were of great power and liable to explode from friction. The evidence of eye witnesses proves that this is likely, as the explosion was followed by a clear bright flame, but no smoke or steam. The concussion was so great that the front and back walls of the grain mill were completely blown out and the interior was reduced to a chaotic mass of stone and metal. The flames rapidly extended and in consequence of a weak pressure of water the firemen were unable to do all that they otherwise might. The loss is estimated at £100,000, but the saddest part of the calamity is the fact that sixteen lives were lost.

A. McLEAN & Co. have just received a choice assortment of Gents', Ladies' and Children's Boots of a very superior quality, which they are selling at a small advance on cost.

THE "COLONIST'S" SPECIAL DISPATCHES.

Eastern States.

BOSTON, Aug. 17.—Greeley arrived here this afternoon and left for New York this evening. It is stated that a meeting of Liberals Republicans was held here to-day, when it was resolved to ask Charles Francis Adams to become a candidate for Governor of Massachusetts. A telegram on the subject is said to have been dispatched to Geneva.

NASHVILLE, Aug. 17.—Andrew Johnson spoke here to about 3,000 people. The speech was mainly against the policy of placing military men in civil offices, and in favor of amnesty. Speaking of amnesty, he asked amnesty for himself. It is inferred from this that he desires a nomination to Congress.

CHICAGO, Aug. 17.—Blanton Duncan telegraphs to a gentleman in this city that ex-Senator Fitzhue, of Indiana, will support the Louisville nominee. It is stated that Charles O'Connor will probably be nominated by acclamation.

MEMPHIS, Aug. 17.—Early this morning a fisherman discovered the steamer Helen Brooks afloat down the river at the head of Cheeks Chute, some ten miles above here, apparently abandoned. Rowing out to her, he made a line fast from her to his skiff and started her to land. Before landing, however, he discovered a negro sitting asleep on the lower deck, with a shot gun in his lap. When the boat struck the bank, the negro started up jumped ashore and ran into the woods. The fisherman on boarding the boat found traces of a desperate struggle and the decks covered with blood. He came to the city at once and reported what he had done, and soon after the steamer Grand Tower, from St. Louis, arrived here, the officers bringing a message from the magistrate at Bradley's Landing, 18 miles above which the crew of the Helen Brooks and the proprietor and family of a trading boat which the Helen Brooks had towed up, had been murdered and the ships plundered. Assistance was at once dispatched. The report is that Capt. W. H. Pratt and brother, the two proprietors of the trading boat, and their wives and two daughters were all murdered and thrown into the river.

DELAYED DISPATCHES.

Eastern States.

New York August 13.— M. Mayorga, Agent General for Cuba, says the report that a filibustering expedition is forming in Canada is false.

James M. Ingersoll, of the notorious Ring, was discovered last evening by a detective and arrested. One or two indictments for forgery have been found against him. He was this morning taken before the Court of General Sessions and held for trial in the sum of $5,000 on each count. He was immediately rearrested on a civil suit similar to those against Tweed and others. Bail in the sum of $500,000 was demanded.

Boston, August 13.—Greeley has written the following letter to one of his friends in this city:

DEAR JUDGE: Yours of the 3d finds me here, News from North Carolina did not justify first reports; but if we work hard, I am sure we will carry it in November. We shall carry New Hampshire, Connecticut, New York and New Jersey. This is the extent of our work in the East. The rest will have to be done in the South and West.

KNOXVILLE, August 11.—Ex President Johnson made a political speech last evening. He said he was not a candidate for any office, and severely criticised the administration of Grant. The reelection of Grant he said would be a great national disaster. He accepted Greeley on the circumstances beyond human control, which has limited the choice to two men. Patriots cannot hesitate to support Greeley.

BUFFALO, Aug. 13.—"Goldsmith Maid" and "Lucy" left here this morning, on a car built for their accommodation, on their way to California.

Nevada.

Oregon.

PORTLAND, Aug. 14.—Prospects for a bridge at this place are now very flattering. The capital stock of the Company is $400,000. The stock subscribed will determine the location. The largest amount for any particular street gaining its limits are from Pine to Cleary. The bridge will be a Howe truss of the first class, 3,900 feet long and 46 wide, with the floor of Nicholson pavement.

Flour has declined fifty cents on all brands.

Johnstone, Abel Ennry, wife and child, Amos Currier, Mrs, Robert Pittock, Capt. Jas, D. Miller, wife and daughter, Geo. Currier and Miss Octavia Mercier.

Japan.

YOKOHAMA, July 22.—The Mikado continues his visits to the several springs, and is now on his way to Nagasaki, dressed in foreign style, with attendants similarly attired. The natives look on with amazement at the changes inaugurated through the late civil war. The country is quiet and seems to acquiesce in the satte of affairs. Eight men-of-war accompany the Mikado.

CONSTANTINOPLE, Aug. 6.— Advices state that the Turkish authorities have ordered two agents of the British Bible Society to leave Baroussa, having also seized their books and prohibited the sale of all Protestant works. The British Embassy here is investigating the affair.

A dispatch from Suez reports 2,000 Egyptians advancing on Abyssinia with a view to conquest. Emperor Kassai is marching to meet them, but it is thought his defeat is certain and that Magdala will eventually fall into the hands of the invaders.

LONDON, Aug. 8.—Lord Hatherley, Lord High Chancellor, has resigned in consequence of his failing eyesight.

A RATHER TOUGH SHARK STORY.—The Geelong Advertiser has a rather tough shark story:—"At this season Corio Bay is known to be infested with shark, and the fishermen complain of the destruction which in consequence is done to their nets. It is stated that a shark of enormous size has occasionally been observed in the bay, but has hitherto either eluded pursuit or defied all ordinary stratagems with a view to his capture. The owner of the Sarah Baker, fishing boat, states that some time ago he repeatedly attempted to hook the monster, but without success. Either the hooks were bent straight or the lines were broken, and the shark escaped. At last a well-barbed hook of formidable dimensions was obtained from the Niagara, a London trader, and this was bated with a leg of mutton. The bait took one evening, and in addition a hitch was secured round the body of the shark. The result was that both fishing boat and nets were towed through the bay for a distance of nearly two miles, when the shark by some means or another again contrived to make its escape, leaving the hook and line, but without the bait, to its pursuers.

Card of Thanks to Dr. Chong.

AFTER BEING TREATED FIVE MONTHS by a white doctor, and spending nearly $300, I was worse than when I first went to him. I had quite despaired of being relieved when I read Dr. Chong's Card in THE COLONIST. I placed myself under his care and in NINE DAYS I was a well man. I write this card to discharge a debt of gratitude I owe to Dr Chong whose charges, I may also say, were reasonable. My complaint was neuralgia. WILLIAM McCORMICK.

Dominion Plantation.

Come ye citizens and strangers,
Miners, Sailors and Western Rangers,
Listen to the truthful story,
Of Frank Campbell of Victoria.
He in truthful words will tell you,
Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of Chewing and Smoking,
Or if you are given to snuffing
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion,"
He has stock and his opinion
Is that none can suit you better,
They will please you to the letter.
His Cigars, just from "Havana,"
Smoke in the most lovely manner;
Meerchaum Pipes of style and fashion,
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also.
All the Fine Cut brands for chewing,
That your teeth will never ruin;
Pipes to suit the inveterate smoker,
Cards for playing Sinch or Poker.
Pipes of brier and stems of cherry,
More than any man can carry;
It would take a week to tell you
All the things he has to sell you,
While in town you may be stopping,
At the "Adelphi Corner" drop in;
Campbell you'll find at that location,
Ready to give you information.
Or to see you well provided,
With what is by all decided
The smoker's and the chewer's glory,
The best and cheapest in Victoria.
